OUR CLIENTS MATTER

Transform Your Home or Office With Handcrafted Bespoke Furniture.

For the discerning home or business owner in the Cotswolds, Gloucestershire, Worcestershire and Warwickshire. We will also work with clients outside of these areas.

Enjoy a beautiful, hand-finished, functional space created to suit your exact specification and vision.

Our promise to you is simple.

We design and create bespoke furniture (stand-alone and fully fitted) for you, the discerning home or office owner.

It's important to us that you can enjoy a beautiful, finished and a functional space without the worry of wasting your time, energy (and probably a lot of money) on something that never quite lives up to your expectations.

That's why all of our furniture is hand and custom made to your exact specifications with real solid woods and veneers.

WHAT OUR CLIENTS SAY

"Steve has just completed the installation of a new door frame and glass doors, along with all of the associated door handles, hinges etc. He was thoroughly professional and trustworthy. He quickly understood what we wanted and made suggestions as to the best way to achieve the look. What I particularly liked was that Steve wanted the doors to look like they had been part of the original house build, even down to matching the door frames to the current design in the house. These were not easily sourced as an exact match, so he skilfully crafted his own perfectly in his workshop. I have no hesitation in recommending Steve".

- *Dave Baldwin*

We wanted something functional, smart and in keeping with our brand of
quality and style.

Steve got it spot on and we're delighted.

- *Andrew Laskey*

Would highly recommend Steve. He has done several jobs for us, from small repairs to window frames and ledges to creating drawers, wardrobe doors and a fantastic kitchen dresser. Excellent work!

- *Rebecca Atkinson*

OUR PROCESS

1 CONSULT

We start with a simple informal call. We'll discuss what you are looking for and how we can help.

You can either leave your details on our website and we'll call you back.

Alternatively, you can book directly into my diary via our website.

Either way, we look forward to hearing from you.

3 CRAFT

Once you approve the design and quotation, we get to work in our workshop on your project.

2 CONCEPT

This step involves initial concept design, costing, and planning.

We'll provide you with a quotation on overall costs based on the scope of the project and your specifications.

4 CREATE

This is where the planning, design and expert furniture making comes together so you can simply enjoy your new bespoke living or working space.

OUR VISION

Our vision is to build a company that makes an impact on people's lives by creating beautiful furniture that can be handed down from generation to generation.

OUR MISSION

Our mission is to innovatively create and build quality, functional spaces made from natural materials that last a lifetime and give pleasure to all.

IT'S A FAMILY AFFAIR!

FREQUENTLY ASKED QUESTIONS

1 | WHAT MATERIALS DO YOU USE?

We use all types of materials. We do not use MDF in any of our furniture. All carcasses are at a minimum 18mm plywood with solid wood lipping. We use poplar (tulip wood) as a base for door frames with plywood panels. We also work in all solid timbers.

2 | DO YOU USE VENEER?

Yes. We do our own veneering. We use several reputable suppliers who provide quality veneers. Veneering in house allows us to control the quality of the final product. Using a veneer allows the customer to achieve a look that otherwise may be cost prohibitive and also provides a chance to have feature details in exotic timbers that would otherwise be difficult to source.

3 | WHY ARE GENEROUS LEAD TIMES REQUIRED?

We work on each piece in isolation. This ensures that each project is given full attention which allows for all details to be carefully considered. It also ensures that the final piece can be enjoyed for years to come.

4 | DO YOU PROVIDE A FINISHING SERVICE?

Yes. We can provide all types of finishing. We can provide both in house finishing and we also use a local company for projects that would require more specialised finishing.

5 | WHO DOES THE DESIGN?

We work closely with clients to ensure that their requirements are fully understood. We provide drawings upon order placement and work with you to ensure that the final design is functional and fully meets the client's needs
